

Be Aware!

Consent means that conversations and actions can only happen if mutual understanding and approval is given. Respect your boundaries and those of others and be aware that you can't know where those boundaries exactly lie. Only a YES is a YES!

Concern: Be concerned and take care of others – behave and dance considerately so that everyone feels comfortable.

Assumptions: Often we assume that we see another person's gender. Yet, be respectful of everyone's right for positioning themselves and ask what kind of pronouns people prefer.

Respect: Disrespectful and intrusive behaviour such as molesting chat-ups do not belong here (or anywhere else!). Flirt, don't hurt.

Attentiveness: In case you notice that a person needs help, approach the person or approach the awareness team.

Consumption: Be aware of the kind of/amount of substances you consume in order to notice and respect other persons' boundaries.

This is a space free of discriminatory and intrusive behaviour, racism, sexism, homophobia, transphobia, ableism and violence!

Awareness team – An awareness team will be present during the whole event. If you're not feeling well or if something has happened: approach us, we're here to help you.

Safer Spaces – There's a Safer Space in the first floor. The room is marked as such and serves as a retreat for people that have been affected by intrusive behaviour.

Photos – During some events we will be taking photos. We will make sure that persons can't be identified on them. In case this makes you feel uncomfortable – please talk to us!

If you're taking photos by yourself, ask for consent.

**Take care of yourself –
Take care of each other!**

YES means yes and NO means no, if there's no answer let it go!
